

PEEHU MEHTA

Seattle, WA | 425-623-8644 | peehumehta007@gmail.com

SUMMARY

Economics student at Purdue's Mitch Daniels School of Business pursuing a Summer 2027 enterprise technology consulting internship. Experience gathering requirements from stakeholders, documenting work across teams, and turning quantitative analysis into recommendations for non-technical audiences. Interested in ERP systems, SAP solutions, and business process transformation.

EDUCATION

Purdue University, Mitch Daniels School of Business | West Lafayette, IN

Expected May 2029

B.S., Economics

Relevant Coursework: Microeconomics, Macroeconomics, Statistics, Econometrics, Data Analytics

BUSINESS & ANALYTICS EXPERIENCE

Business Team Member | Purdue Electric Racing

Aug 2025 - Dec 2025

- Ran sponsorship outreach to 30+ local and regional businesses, gathering build requirements from engineering sub-teams and translating them into funding and in-kind support requests and raised \$2000+ for the team.
- Built and maintained a tracked pipeline of scholarship and grant opportunities, documenting eligibility criteria, deadlines, and submission status for team leadership.
- Managed the team's social media presence and reported engagement results back to the team to guide outreach timing and messaging.

Marketing Intern | Droom Droom — Seattle, WA

Summer 2024

- Analyzed digital marketing performance data to identify which content and posting patterns drove engagement, and recommended content calendar changes from the findings.
- Ran structured tests of posting cadence, hashtag selection, and reply strategy, tracking week-over-week results.
- Owned daily operations of the brand's X (Twitter) account, growing visibility in crypto-focused communities.

PERSONAL PROJECTS

Personal Budget & Savings Forecast Model | Excel

2025

- Built a multi-sheet model with categorized budgeting, conditional formatting, goal tracking, and sensitivity tables to compare outcomes under different assumptions.
- Designed a one-page dashboard with charts summarizing burn rate and progress against targets for at-a-glance review.

Policy Brief: Minimum Wage & Employment | Microeconomics

Spring 2025

- Modeled short-run and long-run employment effects using supply-demand analysis, elasticity estimates, and deadweight-loss visualizations.
- Delivered a two-page memo for a non-technical audience with an executive summary and prioritized, actionable policy recommendations.

LEADERSHIP & ADDITIONAL EXPERIENCE

Camp Counselor | YMCA

Jun 2026 - Aug 2026

- Led a group of 15+ campers within a 60+ person program, owning daily safety, scheduling, and transitions.
- Designed and delivered weekly science and arts sessions, coordinating with staff to adapt plans under a fast-changing schedule.

Competitor, Business Case & Role-Play Events | DECA

2023 - 2025

- Structured client recommendations using SWOT and market-sizing frameworks; built concise decks and delivered timed presentations to panels of judges.

Teaching Assistant | Steppingstones — Sammamish, WA

Summer 2021 - Summer 2024

- Designed and taught dance curriculum for groups of 15+ students across four consecutive summers.

Additional | Barista, Centennial Cafe (Purdue) · Varsity Badminton, four-year athlete

2021 - 2026

- Processed 100+ orders per shift during peak hours and supported inventory and restocking; balanced four years of varsity training with AP coursework and mentored underclassmen.

SKILLS

Data & Reporting: Excel (PivotTables, XLOOKUP, sensitivity tables, dashboards), Google Sheets, Python, R
